

KANSAS CITY 1

Provide your children with a wonderful light filled playhouse to engage in endless hours of play. Our 7x5 (1.9x1.6m) Kansas City 1 - 16mm Kids Cabin is a superb grown up space, just for them. This highly attractive design is supported by a robust construction of 16mm Nordic Spruce tongue and groove wall cladding. The floor and roof are 16mm tongue and groove cladding, well-known for its weather resistance, strength and durability, ensuring a strong design for your children to enjoy that can withstand the rigors of time.
