

OMAHA 1

The Omaha 1 is a 5.4m x 5.4m log cabin garage building perfect for those who are looking to keep their vehicle in a secure place. A lot of modern homes are now built without garages and the Omaha 1 would make a great addition on any drive. Made with 70mm logs which not only ensure the vehicle is kept safe but also shielded from bad weather, this garden building comes with the optional extra of roof insulation if weather is a worry and gate doors as standard.
